BYLAWS

SACRAMENTO VALLEY BASINWIDE AIR POLLUTION CONTROL COUNCIL

ADOPTED JANUARY 26, 1979

(Amended June 25, 1999; March 1, 2002; August 6, 2004; June 3, 2005; Amended June 3, 2011, Amended June 7, 2013, Amended December 11, 2015, December 7, 2018)

ARTICLE I. NAME

This Council shall be known as the Sacramento Valley Basinwide Air Pollution Control Council (BCC) as authorized pursuant to California Health and Safety Code (CH&SC) Section 40900.

ARTICLE II. GENERAL

All meetings and proceedings of the Council shall be in accordance with applicable statutes governing public entities, including but not limited to, the Ralph M. Brown Act, and the Public Records Act.

ARTICLE III. PURPOSE

A. Activities mandated by State law.

The purpose of the BCC is to carry out the following activities pursuant to State law and the California Code of Regulations (CCR):

1. Smoke Management Program (SMP)

- (i) Pursuant to Title 17 of the CCR the BCC must adopt and implement a comprehensive, regional SMP, which applies to all types of agricultural burning, including prescribed burning, and applies to all elevations within the Sacramento Valley Air Basin.
- (ii) The BCC will work with CARB and agencies with jurisdiction over air quality within the Sacramento Valley Air Basin to include provisions in the SMP to improve responses to citizen complaints, improve smoke control measures, and encourage CARB to respond more quickly to requests for burnable acreage allocation updates when meteorological conditions are best suited for smoke dispersion (See CH&SC Section 41865(u)).
- (iii) The BCC shall initiate a review process for the SMP each January to determine to what extent amendments are necessary. This review shall include those program elements covered under the Rice Straw Burning Reduction Act and the supporting Conditional Rice Straw Burning Permit Program (Conditional Permit Program) as discussed below. The BCC may combine these provisions with the SMP document or may reference these provisions as a separate document. The BCC shall ensure that the revised SMP is available for public comment and reviewed during at least one workshop and one hearing annually prior to adoption. Pursuant to CCR Section 80140 (k) SMP amendments shall be submitted to CARB for approval within 30 days of adoption and shall not be effective until approved.

2. Rice Straw Burning Reduction Act of 1991.

Pursuant to CH&SC Section 41865, the Connelly-Areias-Chandler Rice Straw Burning Reduction Act of 1991, the BCC shall provide consultation to CARB on the adoption of regulations addressing conditional rice straw burning permits.

As specified in this Section, in 2001, and thereafter (unless the statute is amended), the BCC shall annually determine which is less, 125,000 acres or the total of 25% of each individual conditional rice straw burning permit applicant's planted acres. The BCC shall determine the maximum percentage applicable to all growers subject to the conditions for conditional rice straw burning permits set forth in this Section.

The BCC shall provide one member to serve on the advisory committee established by CARB and the California Department of Food and Agriculture to assist with the identification and implementation of alternatives to rice straw burning.

3. Conditional Rice Straw Burning Permit Program for the Sacramento Valley Air Basin

(i) The BCC shall implement and ensure compliance with the following program elements:

- (a) Granting of Conditional Permits.
- (b) Proper use of qualified rice disease inspectors by Agricultural Commissioners.
- (c) Proper use of disease significance thresholds until May 30, 2003.
- (d) Use of proper program forms.
- (e) Matters relative to false reporting.

(ii) The BCC shall develop procedures for each rice inspection method. Until May 30, 2003, those procedures shall conform to the procedures included in the regulation.

(iii) The BCC shall be responsible for the existence of a program for the certification and training of rice disease inspectors pursuant to CCR Section 80157.

(iv) Implementation Reports

The BCC shall submit a program implementation report to CARB and CDFA by July 15, 2002, and annually thereafter. The report shall include the statistical information specified in CCR 80158.

(v) Program Amendments

The BCC may amend the Conditional Rice Straw Burning Permit Program. Amendments must be submitted to CARB for approval pursuant to CCR Section 80159.

B. General Coordination Activities of the BCC

1. Promote unity and efficiency among Districts and act as a forum for sharing knowledge and information.
2. Promote uniformity in methods of practice and enforcement of air pollution laws and regulations and encourage the establishment of applicable operational standards and regulations.
3. Serve as a clearinghouse and forum for the endorsement of proposed air pollution rules relating to attainment plans for Districts in the Sacramento Valley Air Basin. Since the Sacramento Valley Air Basin comprises districts that may or may not be in the same attainment area for various air quality standards, the Technical Advisory Committee (TAC) to the BCC will identify the rules and plans most suitable for presentation to the BCC. The BCC may separately request to hear presentations on any rules or plans affecting any portion of the Sacramento Valley Air Basin.
4. Benefit the citizens of the Sacramento Valley Air Basin by disseminating information to the public concerning health effects of air pollution.
5. Develop and maintain close communications and a publicly responsible cooperative relationship with CARB and the Environmental Protection Agency for the purpose of advising them on the impact of proposed regulations and programs on the citizens of the Sacramento Valley Air Basin and on Districts. To this end any proposed requirements or mandates presented to any District by these agencies should be evaluated and considered by the TAC for presentation to the BCC.
6. Participate in the development and promotion of legislation beneficial to the Sacramento Valley Air Basin, and oppose legislation that is not beneficial, by direct contact with the State Legislature, Congress, and legislative staffs.
